

THE COURTS.

Charles Garner Examined on a Charge of Seduction.

THE STORY OF THE VICTIM.

A Chaste Murder Case on Trial Before Judge McKinley—Pearl Hinton Arrested on an Ugly Charge.

Charles Garner, the Santa Fe brakeman charged with the seduction of Mary J. Carter, an 18-year-old girl from an Bernardino, was examined before Judge McKinley yesterday. Garner was in court, accompanied by his mother and father, who also reside in San Bernardino, while Mrs. Winkler, the mother of the girl, occupied a seat by her daughter. On the request of counsel, the courtroom was cleared of all except the witnesses and reporters.

Mrs. Carter was the first witness, and testified that she had left home and gone to her sister's, in Riverside, after which she came to Los Angeles, where she again met Garner, whom she had known for several years in San Bernardino. She told how Garner had accompanied her, taking her to the Carlton hotel, where she drank a bottle of wine, after which she went with him to his room, and remained with him there. She continued to live with him, and after she had been there several days he brought a man to her room, and she was in bed and introduced him to her, and the man afterwards came back when Garner was not present, and she had been criminally intimate with him. The girl testified that she had been virtuous prior to the time she accompanied Garner to the Carlton, where her ruin was effected. She was subjected to a long and searching cross-examination, but her testimony was not weakened, she answering all questions asked her, no matter what the character, with but little embarrassment.

Mrs. J. C. Harrison testified that she had been housekeeper at the Carlton; that the reputation of the house was bad, and that it was an assignment house.

Officer Bogert testified that he had known the character of the Carlton for some months, that it was bad, and that it was a house of assignation.

Mrs. R. F. Garner of San Bernardino testified as to the good character of the girl at her home. She said that she had heard that her daughter was stopping at the Carlton with Garner, and came to this city to try and get her to return home, but she refused. She had done this because the girl had always stood well in San Bernardino, and she did not wish to see her compromise herself.

Mrs. Winkler, the mother of the girl, testified that her daughter had always borne a good reputation up to the time that she left home; that she was 17 years old on the 17th of August last, and had never kept company with any one except young Garner, and she had heard that her daughter was stopping at the Carlton with Garner while she was sick, but as soon as she was able to travel she had come to this city to try and reclaim her.

The prosecution rested at this point, when the defense moved that the case be dismissed on the ground of insufficient evidence, saying that they would introduce no testimony.

Justice Austin denied the motion, but, on the request of counsel for the defense, made no final order, but continued the case until 10 o'clock this morning, to give them an opportunity to present authorities.

CHINESE MURDER CASE.

The case of Wong Gi Len, on a charge of murder, was begun before Judge McKinley yesterday. This is the case in which there was nearly a riot in Chinatown several weeks ago, and in which one Celestial gave up the ghost. The day was spent in a vain attempt to secure a jury. The question upon which nearly all the jurors fell down was in regard to the reliability of a Chinese assertion. Some of the jurors would swear to a thing, and one white man would swear the opposite, they could not believe the Chinese. Others said it would depend upon what kind of white men and what kind of Chinamen were undergoing the test. Nine jurors had been obtained when the court took an adjournment until this morning.

SET FOR TRIAL.

Mary Anderson, alias Pearl Hinton, was arraigned yesterday before United States Commissioner Van Dyke on the charge of sending obscene letters through the mails. Her examination was set for August 1st, and she was remanded to jail.

DORSEY HELD.

Justice Savage last night held Police Officer T. J. Dorsey to answer to a charge of assault with a deadly weapon on Johnny Abbott, with bail fixed at \$500, which was given.

NEW CASE.

James B. Dennis began suit against Edward A. Gibbs, T. C. Marks and S. W. Chase, on a promissory note for \$300.

LONG BEACH.

Interest in the Camp Meeting—Personal Mention.

LONG BEACH, July 28.—(Correspondence of THE TIMES.) Yesterday was a big day here. Greater crowds than ever came in on every train and double the usual number of cars were run. Long Beach can boast these days of an attendance of visitors in numbers very similar to other resorts. This large number of visitors is not confined to Sundays, for every day in the week sees a crowd on all trains.

The camp meeting is increasing in interest. The Tabernacle is filled at each session, and at regular preaching services are frequently crowded to its utmost capacity. Last night's meeting was one of unusual interest. Evangelist Weber was in charge. The following ministers are now in attendance:

P. H. Bodkin, Los Angeles; Adam Bland, San Fernando; R. W. Bland, Chicago; G. F. Boyd, F. Fletcher Brown, Los Angeles; Selah W. Brown, University; D. O. Chamberlayne, Anaheim; George L. Cole, University; H. J. Crist, San Fernando; J. H. Henry, Long Beach; M. Hough, Los Angeles; J. M. Hubach, Beaumont; W. S. Matthews, University; John McKelvey, Santa Fe Springs; J. G. Miller, Pasadena; J. W. Phelps, Pomona; J. M. Rich, Orange; T. E. Robinson, Los Angeles; L. G. Sigler, Westminster; Silas Sprowles, Garden Grove; Thomas Stalker, Whittier; W. Stevenson, Monterey; S. A. Thorne, Fresno; J. W. Van Cleave, University; J. A. Wachob, San Jacinto; F. M. Warrington, Vernon; W. A. Wright, San Fernando; S. B. Woolpert, Glendale; A. C. Williams,

Los Angeles; B. F. Wolf, Artesia; H. S. Wanser, San Fernando; F. C. Miller, Pasadena.

Devotional exercises at 9 o'clock this morning were led by J. H. Weber and at 10 o'clock Rev. W. S. Matthews preached an interesting sermon. At 1:30 the children's meeting was led by Mrs. I. G. Sigler. At 2:30 a sermon was delivered by Rev. A. Bland. At 7:30 a social service was held and at 8 Rev. J. H. Weber preached.

Capt. Will Banning and party came over yesterday, driving a six-in-hand. J. Niedermaier and wife and Mrs. P. D. Williams of Bakersfield are registered at the Iowa Villa.

Frank Kaiser and family came today to camp on the beach.

George M. Holton and family spent Sunday here.

C. H. Blake and wife spent yesterday with Dr. Huckins and wife.

W. H. Goucher and wife spent Sunday here, their favorite seaside resort.

One daring swimmer was caught yesterday too far out. He became exhausted, and the out current was getting him in its clutches, when he shouted for help. City Marshal Benfield, who was bathing near by, swam to his relief and brought him near enough for others to assist and he was rescued. Currents in deep water are dangerous things to toy with.

J. H. Buchanan and family came down from Pasadena today to enjoy the beach for some time.

The pavilion was well patronized yesterday. The bathhouses have a good run at all times.

Rev. J. H. Weber, at present rendering valuable service at the Methodist camp meeting at Long Beach, will give an account of his conversion from Roman Catholicism on Tuesday and Wednesday evenings of this week.

G. A. R. ENCAMPMENT.

All of the Arrangements Completed—The Programme.

All of the arrangements for the encampment of the Seventh Inspection District, Department of California, G. A. R., at San Diego, from July 31st to August 8th, inclusive, are completed, and everything is now in readiness. Half-fare railroad rates from July 30th to August 12th have been secured, and the prospects for a large attendance is very encouraging. The following is the programme:

Thursday, July 31st—Go into camp, assignment of quarters, etc.

Friday, August 1st—Formal opening of camp, with morning gun, reveille, guard mount, surgeon's call, fatique call, drill, dress parade, etc. to be carried out during the entire encampment.

In the evening: Formal reception by the Commander, and address of welcome by the Mayor of San Diego in the ballroom of the Coronado, to close with dancing.

Saturday, August 2nd—Heintzelman Post, No. 28, day. Entertainment, programme under management of Heintzelman Post. Boating, bathing, fishing and exercises of various kinds, closing with a ball in the Coronado.

Sunday, August 3rd—Church services during the day, under the management of Chaplain R. F. McDaniel, assisted by other reverend comrades, and in the evening a sacred concert in the theater of the Coronado.

Monday, August 4th—Heintzelman W. R. C. No. 1 day. The exercises of this day will be under control of Heintzelman W. R. C. No. 1, closing in the evening with a literary programme and grand ball in the ballroom of the Coronado.

Tuesday, August 5th—Los Angeles day. Annual election of encampment officers in the morning. Afternoon, exercises consisting of orations, literary and musical entertainment, and dancing in the evening.

Wednesday, July 6th—W. R. C. day. The exercises today will be under the management of the W. R. C. of the Heintzelman Post. Look out for an exciting programme.

Thursday, August 7th—San Diego day. Grand parade in San Diego, to close in the evening with a grand naval encampment on the Bay of San Diego and Glorietta Bay, between the Union forces and the filibusters.

WANTED TO DIE.

An Old-timer Attempts to Commit Suicide.

Frank Morris, an old man residing at No. 224 West Fourteenth street, yesterday made two attempts to commit suicide, once by strangling himself and the second time by trying to open an artery in his arm with a knife.

The police station was telephoned and the patrol wagon sent after Morris, who was taken to the station and locked up for medical treatment. When asked why he had tried to kill himself, Morris said that he was too old to work, besides which he suffered a great deal from sickness, and he wanted to put an end to his troubles.

Morris is 78 years of age, and his wife is 73. He is a pioneer, and is well known to all the old-timers of the city. He has been driving an express-wagon for some time, but of late has been drinking heavily, and is just getting over a protracted spree. The old man has some property, enough, it is said, to provide for himself comfortably, and when he gets thoroughly sobered up will probably be willing to wait till he passes off in the natural way.

"Fired" Bodily.

Yesterday afternoon W. E. Stoermer, formerly an engineer in the fire department, went into the office of Chief Strohm, in the City Hall, when the Chief fired him out bodily, striking him several blows, and blackening his eye. Stoermer some months ago preferred charges against Strohm, which he afterward withdrew, saying that they had been made under pressure, since which time Strohm has forbidden Stoermer to come around his office. Stoermer claims that he went to see the Chief on public business, and that the assault was unprovoked.

J. A. Van Arsdale and wife, Mrs. C. A. Booth and E. D. Roberts of Colton are at the Nadeau.

CHAMBER OF COMMERCE.

The New Secretary Preparing to Take Charge.

THE EXHIBIT WELL ATTENDED.

Regular Weekly Meeting of the Ladies' Annex—Committee Appointed—The Mortimer Charges—Donations.

The new secretary of the Chamber of Commerce, H. J. Hanchette, spent the most of his time yesterday looking over the building and becoming acquainted with the working of the institution. He will take charge next Friday.

There was a good attendance in the exhibition-room all day. Several new displays have been placed in the hall, and the place looks much more attractive than ever before.

The following donations were received from Whittier yesterday:

Christ Sorrisson, Berger grapes; Willie King, prunes, apricots, nectarines, peaches and apples; William T. Strawbridge, onions, peaches and samples of eucalyptus wood; George Cole, apples, prunes, plums, peaches and quinces; John Condra, Japanese plums; Foster, Early Crawford, orange, lemon citing and strawberry peaches; Winter Netis pears, Malden's Blush, fall pippin and twenty-one apples; C. J. Vernon, dried peaches, new crop; Cyrus Trueblood, white sage honey; P. O. Johnson of Rivera, fall pippin apples and Crawford peaches; Maj. Norton of Vernon, peaches; Cornelius C. Sutterbaugh, patent car truck; H. Anderson, Glendale, sunflower; Fred Schweiger, Downey, branch of plums; N. Hayden of Vernon, apples, plums, prunes and nectarines; Mrs. Daugherty, plums.

Flower donations: Mmes. McCreary, Parkers, Greebe, H. Boyce, Lansingh, Osborn, Mitchell, E. J. Jenkins, Misses Carrie Jackson, Grace Mitchell, Hayes, M. Kelly.

Woman's Annex.

The regular weekly meeting of the ladies' annex to the Chamber of Commerce was called to order by the president, Mrs. Dr. Wilder, at 2 o'clock yesterday afternoon. Mrs. Dr. McDonnell, the secretary, was present.

The minutes of the last meeting were read and approved, and the following new names were accepted: Miss Lida Barnes, Mmes. L. Barnes, P. Biglow, Martha H. Bonis, Lillie B. Daugherty and Miss Thompson.

Mrs. C. M. Wells, chairman of the immigration committee, offered her resignation, but the ladies would not accept it. She expressed great indignation at the course pursued by the Consul, Mr. Portman, in publishing a pamphlet derogatory of Southern California, an indignation in which the majority of the ladies present joined.

Five dollars were voted the immigration committee for the purpose of obtaining literature favorable to this part of the State.

The chairman of the home committee, Miss Fish, read an interesting report.

Mrs. Addie Mitchell, chairman of the flower committee, reported flowers in abundance, plenty of help in their arrangement, and a most pleasant evening spent by the ladies in decorating the chamber. The flower committee for this week was appointed.

A notice was made and carried that the annex does not meet again for two weeks, owing to the proposed absence of many of the ladies at the G. A. R. Encampment at San Diego.

A communication was received from the Seventh Regiment armory asking the assistance of the ladies' annex in decorating the hall for its opening ball on the evening of August 8th.

Maj. Jones was present and addressed the ladies on the subject of the World's Fair.

Result of a Fourth of July Row.

On the Fourth of July a fight occurred in the Eintracht saloon, on Spring street, in which a Southern Pacific freight brakeman named Jones was pretty badly used up by several toughs. Jones was arrested and taken to the station, but was afterward released on depositing bail. For figuring in the row he was suspended by the company. The trouble arose over one of the toughs striking a friend of Jones, and when he remonstrated, they attacked him, and, being rather full of patriotism, with some beer, he naturally fought back, but got the worst of it all around.

Jones has always been a steady man and attended to his duties faithfully, and his friends are trying to have him reinstated, with a good show of success, as he has been more than sufficiently punished for his little indiscretion.

The Union League Excursionists.

The Union League excursionists were busy all day yesterday telling about the famous trip to San Juan, and making those who stayed at home feel bad when they heard how much they had missed. The bull fight was pronounced a great success, and although no one was there, still it was a very enjoyable affair. All are loud in their praises of Don Marco Foster, who proved himself a model host.

Marriage Licenses.

Marriage licenses were issued yesterday as follows: Fred R. Fitzmier, aged 23, and Ada M. Bamber, aged 17, both of Los Angeles; F. J. Sullivan, aged 43, and Alice Cushing, aged 40, and Louisa Morales, aged 20, of Los Nietos; Joseph Henri Boissevain, aged 37, of Anaheim, and Marie Jamie Domez, aged 21, city.

Mrs. Sherburn's Address Wanted.

If Mrs. D. L. Sherburn, late of 34 Morris street, Los Angeles, will communicate with Prof. T. W. Widd, Station R, Los Angeles, she will receive a letter from her deaf-mute sister of Easton, Pa.

A DOCTOR'S REBUKE.

Immensely More Mischief than is Generally Suspected.

Dr. King, the eminent medical writer, in a learned dissertation on our national complaint, constipation, says:—

The great quantity of cathartic pills, etc., which are annually swallowed by the people of this country has been productive of immensely more mischief than is generally suspected. These pills are not only doing us harm, but doing it in a way that is almost insidious; so that, instead of removing the contents of the bowels, it leaves the bowels in a more torpid condition.

Joy's Vegetable Sarsaparilla was designed to fill just such a contingency as the doctor's rebuke anticipates, viz.: instead of being a powerful mineral purgative, it is a mild vegetable laxative, that, owing to its solvent and gentle stimulating properties, is so certain a relief in constipation that it has been given away to hundreds, not to be paid for unless it was of positive benefit. Unlike cathartics almost immediately with a natural easy habit, and is so mild that, unlike drastic purgatives, it can be taken indefinitely with perfect freedom and safety.

It is said that Pomona will this season receive about one hundred and fifty thousand dollars for its fruit crop. Good for Pomona. Let us have many more Pomonas and Riversides—and Murchisons.

AFFAIRS in Buenos Ayres have reached a climax, and blood is flowing freely. So far it appears that the insurgents have the upper hand. The outlook is not good for those foreign investors who have poured such enormous sums into enterprises on the Plata River during the past few years.

THE rumor that Ventura county elected Morrow delegates has not been confirmed. The complexion of the delegation, which will not be satisfactory to the Markham cause, will be definitely known in the course of a day or two. The names appear in a special dispatch printed this morning.

INDICATIONS of a new move on the political chessboard came from San Francisco. Manager Stow, acting for Mr. Stanford, is said to have decided to order the nomination of Congressman Morrow for Governor, in order to carry the legislative districts in San Francisco for Stanford Republicans.

A part of the scheme is to set up, on the other side, two legislative tickets, one an anti-Boss-Buckley ticket, in order to divide and defeat the Democrats. This would be commendable if it were in the interest of the whole ticket. Mr. Stow is an adroit and chameleon-like manipulator, who recently declared that he would take no hand in the gubernatorial fight. He is too late, however, to stem the Markham tide. Hark to the music in the air, perfumed by the scent of the Markham rose:

I hear the tocsin sounding, sounding, deep
O'er the mountain's arid slopes,
While lightning-bolts are tramping
The beach.

'Tis the march of the Markham men!

CITY AND COUNTY CANDIDATES.

There is no valid reason why we should not regard the election of county and city officials from a business standpoint. It is certainly a business matter, and quite a serious one. These officials are chosen to manage our city and county business, the heavy cost of which comes out of the pockets of taxpayers. When the voters go to the polls to express their preferences for these officials, they are, in fact, choosing business managers for the ensuing two years.

A merchant, when he has to select a business manager or foreman, does not usually find his choice on the fact that the man is a pleasant, boon companion, that he can tell a good story, or that he is popular among the "boys." He looks for a person who is capable and honest, and who has a good executive head. Why should not a similar policy obtain in selecting men to take charge of the greater affairs of a county or municipality?

It has become altogether too much the habit to lose sight of such considerations in our elections of city and county officials. We too often take from these important offices from political motives entirely—because they have a "pull," or have been active party workers—and seldom think of inquiring whether the man is capable of managing the office to which he aspires until it is too late and he is disappointed, when we are kept busy in apologizing for our own candidate's shortcomings and in showing up those of his opponent, it being too often a case of "Hobson's choice" between them, as far as fitness for the position goes.

The consequence of this suicidal policy is that we get officials who, even if commonly honest—which they by no means always are—lack the requisite ability to successfully manage the financial affairs of a peanut stand, or, while enjoying a good income, to keep themselves out of debt to their laundries. Moreover, in nine cases out of ten, these men, in order to insure their election, have made liberal promises of assistance to Tom, Dick and Harry, which promises, as soon as they are elected, they proceed to fulfill, as far as they are able, at the expense of the taxpayers, by the multiplication of deputyships and sinecures beyond all reason, the object being to find soft places for as many "workers" as possible. The "boys" must be provided for, or that official's chances of reelection to any office would be slim indeed. As to the idea of economizing with the money of the taxpayers, that is something which scarcely ever enters the head of these officials, or, if it does, it is dismissed with a smile of derision.

All this is entirely and radically wrong. It would be wrong, on principle, were it in the midst of a big boom, with money plentiful. It is doubly wrong at present, when money is scarce, and a large proportion of the taxpayers are struggling to pay their way. In every branch of business retrenchment is the order of the day. Why should the rule not hold equally good in the affairs of our city and county?

What we need for nomination on the county and municipal tickets this fall is Republicans of good character—level-headed business men; men of honesty and ability; men who are known, and who are able to take hold of the various branches of the county and city governments and introduce therein order and economy, without impairing their efficiency, but rather increasing the same, for that is, in most instances, very easily possible. Let men who answer this description present their names to the voters and we shall then, perhaps, be able to construct tickets which will not necessitate a campaign of apology before election, or a season of mortification and disgust afterward.

The people are entitled to as efficient service from their public servants as a merchant expects from his employees. They have a right to ask that much. They would be foolish to accept less.

Bring on your credentials and let the voters see the cut of their jibs!

Let the Republican conventions establish a high test of ability, character and efficiency for all applicants before it for public favor! Let them put into their platforms a test-pledge for the endorsement of every mother's son—a candidate before he is voted for—a pledge that, if elected, he will zealously and faithfully devote himself to the discharge of the duties of his office; that he will require a strict performance of duty from his subordinates; that he will employ none but efficient persons under him; that he will ask for no more assistants than are actually necessary to the proper and efficient conduct of his office, and that he will in every feasible way practice economy, and not run his hands into the public treasury up to the elbows, even if he finds precedents innumerable!

The Board of Supervisors has, very properly, formally requested Justice Lockwood to resign. This is entirely in accord with the sentiments of ninety-nine hundredths of the respectable citizens of Los Angeles, and Mr. Lockwood will do well to heed the advice. He cannot maintain the "def" which he is said to have started out with.

A FEW Republican politicians and journalists to the southward are needlessly worrying their souls about what Los Angeles county will do in the coming convention. Let them calm themselves. Los Angeles county will, we feel warranted in asserting, pay her political debts. More than that none of her neighbors have a right to demand.

A RESOLUTION was offered in the Council yesterday that the Southern Pacific Company be ordered to repair Alameda street. As the railroad company practically absorbs the roadway of this street it is only fair that it should be required to keep it in order.

GOV. WATERMAN is said to feel very sore at not receiving even a complimentary vote in Southern California.

It is rather hard, but then the Governor should remember how many instances history furnishes of ingratitude toward patriots. His fame will go down to posterity with that of Boruck and other great men. Besides this, whenever the subject of insanity is broached, our thoughts will naturally drift to Waterman, for he has not given the State two asylums?

ECONOMY—reform—integrity and efficiency in candidates—high personal character and good business ability, coupled with sound Republicanism: these are the qualities which our coming Republican conventions should seek for and insist upon in candidates for office. With them we can win; without them we will lose!

THERE was an immense exodus to the seashore on Sunday. Not because the heat was unbearable in the city, however, for eastern people would have been glad to come to Los Angeles to cool off.

AMUSEMENTS.

GRAND OPERA-HOUSE.—This evening the first performance of *The Shaven Head* will be given with a strong cast, including, among others, M. B. Curtis, Frank Morand, Charles Dickson and Laura Biggar.

AMONG THE POLITICIANS.

MR. BOWERS IN ORANGE COUNTY. SANTA ANA, July 23.—[To the Editor of THE TIMES.] An erroneous impression seems to have gone out relative to the action of the late Republican County Convention in the matter of endorsing candidates for Governor and Congressman. The fact is that Col. Markham was first endorsed by the convention, separately and enthusiastically. Subsequently, and after the substantial close of the business, and when a large proportion of the delegates had left the hall, an adroit movement was made by one of Bowers's supporters by which his name was coupled with that of Markham, and an endorsement of the pair rushed through precipitately, no one caring to provoke a contention by demanding a division of the question. It will thus be seen that Senator Bowers did not receive the convention's endorsement for Congress in the sense that has been represented in the telegraphic reports sent out from here.

FAIR PLAY.

SAN LUIS SPEAKS. [San Luis, Cal., July 23.] Dr. Chester Bowers of Fresno was in this city, probably not without some wish to ascertain the chances of support from this county for his Congressional aspirations. Our distinguished visitor will find that our people have an eye single to the necessities of the San Joaquin counties of the district as well as to the necessities of the district as a whole. The improvement of Port Harford ought to be a deep and abiding indignation at the feebleness and impotence of the efforts so far made for us; and that they have scant hopes of any earnest work in our behalf by a Congressman from the remote south. The improvement of Port Harford ought to be a deep and abiding indignation at the feebleness and impotence of the efforts so far made for us; and that they have scant hopes of any earnest work in our behalf by a Congressman from the remote south. HON. W. H. JORDAN.

[Humboldt Times.] In looking over the field of probable and possible candidates for nomination on the Republican ticket we notice that Hon. W. H. Jordan of Alameda has a strong following as the candidate for Lieutenant Governor. Mr. Jordan is one of the brightest and most consistent young Republicans we have in the State. He was born in Ohio in the year of the great inflow of gold-seekers to this State, 1849. He came to California with his parents when 10 years old and soon after commenced a remarkable struggle for self-maintenance and improvement, which resulted in his graduating. Mr. Jordan is a man of pure impulses and worthy ambitions. He inspires confidence and respect in all with whom he comes in contact. He is a fluent speaker, is magnetic, and if nominated will be a source of strength to the ticket.

THAT IGONIS FATUOUS OF A "BARGAIN."

[San Diego Star.] Of course the Bowers convention would not have "presented" Markham unless Senator Bowers had an agreement over the quid pro quo. Now if Los Angeles proposes to go back on its word, that fact will release the San Diego Republicans from their contingent pledge.

The Republican candidate for Secretary of State will probably be E. G. Waite, who wrote the article about Justice Terry that offended Justice Stephen J. Field.

A good deal of amusement has been created by the published statement that A. J. Louderback intended to nominate a municipal ticket all by himself and have it endorsed by Fitch and Pickering. Just where this self-constituted political Warwick expects to get the votes to elect his ticket is an unattractive mystery.—[Examiner.]

One of the newspapers announced yesterday that Reuben Lloyd would be brought out as a dark-horse candidate if Markham or Morrow did not win the nomination on an early ballot. It may have been that some gentleman would like to run Mr. Lloyd, but that gentleman does not look at it in the same way.—[Examiner, 26th.]

On the Republican side who will be the candidates? That I can't tell. I think H. H. Markham of Los Angeles is rapidly gaining strength and stands an excellent show of being nominated. He would poll a big vote in the southern part of the State. Frank Coombs of Napa is mentioned for the second place. Coombs would get a large support from the Native Sons, of which organization he is a member.—[Dan Waldron in Fresno Expositor.]

It will take three hundred and thirty-nine votes to nominate a candidate for Governor in the Republican State Convention. Markham's friends claim that he has already three hundred votes. They claim that of the one hundred and twenty-nine delegates from this city Markham has fifty pledged to him, and ten that are fairly friendly. They concede that Morrow has twenty, and that the remainder are controlled by Crimmins. It would not surprise Markham's friends to see him get eighty votes from this city on the first ballot.—[San Francisco Post.]

Four San Diego Boys Terribly Injured by an Explosion—Mayor Hazard Wins a Lawsuit.

By Telegraph to The Times.

SPOKANE FALLS (Wash.), July 23.—[By the Associated Press.] Last night's fire at Wallace, Idaho, almost annihilated the town. The ruin is complete. Not a business house was left standing. The total loss was \$412,000. On this there is only \$38,000 insurance.

The fire started at 7 o'clock in the Central Hotel, and in two hours everything was gone. The supply of water in the reservoir gave out after ten minutes' work by the firemen, and the town was left at the mercy of the flames. Everything was burned, many men losing even their overcoats.

Antonio Demoreo was burned to death in his brother's saloon. Help is already pouring in from the surrounding towns.

HAZARD WINS A CASE.

A Suit Involving Land Decided in His Favor.

SAN FRANCISCO, July 23.—[By the Associated Press.] A decision was rendered in the Supreme Court today affirming the judgment of the lower tribunal in the suit of Emma G. Lattin and her husband, B. C. Lattin, against Henry T. Hazard.

A few years ago, when it was proposed to extend the steam dummy railroad beyond the limits of Los Angeles, Hazard entered into an agreement with James McLaughlin, by the terms of which he was to lease five acres of land to McLaughlin in consideration of the benefits he would receive by having the road run through his land. The deed to the land was to be placed in bank and there held until the road was completed, when it was to be given to McLaughlin. Before completion of the work, McLaughlin assigned his claim land to the Lattins. When the road was in running order they made a demand on Hazard for the land, and he refused to give it to them. They then commenced suit, and he successfully demurred to their complaint, as it did not allege that he had not placed the deed in bank, as agreed to when he contracted with McLaughlin.

The lower court ruled that as far as the complaint showed, Hazard might have placed the deed in the bank, and the demand made on him by plaintiff might have been for a second five-acre strip of land.

PLAYED WITH GIANT POWDER.

Four San Diego Boys Blown Up and Terribly Injured.

SAN DIEGO, July 23.—[By the Associated Press.] Ralph and Rowen Cooley, aged 7 and 9 years; Harry Weegar, aged 9, and Stevie Dowd, aged 4, were seriously injured this evening by the explosion of a bunch of giant-powder caps, with which they were playing. The two Cooley boys will probably lose their eyesight, while the other two suffer from particles of iron that fell from the bodies.

The boys found a mass of wire while playing in a yard, and proceeded to cut off what they supposed to be pieces of lead from the ends of the wires. A blow from a hatchet caused the explosion of about thirty of the caps.

JUDGE SAWYER'S SON.

The Young Man Again Arrested for Assault on Murderer.

SAN RAFAEL, July 23.—[By the Associated Press.] Prescott Sawyer, son of Judge Lorenzo Sawyer, was brought here this evening on a warrant sworn to by Constable Creed of Sausalito before Justice Gardner, charging Sawyer with assault to murder.

Sawyer was tried in Sausalito on the same charge last Saturday, and the case was dismissed. He was admitted to bail this evening in the sum of \$5000. The case was set for August 9th before Justice Gardner.

THE FRESNO TRAGEDY.

Fiske's Remains to Be Buried Today—Precautions Against Lynching.

FRESNO, July 23.—[By the Associated Press.] It is announced that the funeral of John D. Fiske, who was killed last Saturday evening by J. L. Stillman, will take place here tomorrow morning at 8:30. Mrs. Fiske has retained an attorney here to aid the District Attorney in prosecuting Stillman.

The almost unanimous feeling here is to let the law take its course, but to guard against any possible attempt against Stillman's life Sheriff Hensley has placed extra guards on duty in the County Jail.

A DEAD DYNAMITER.

The Notorious Mooney Drowned Near New York.

NEW YORK, July 23.—[By the Associated Press.] James Mooney, the dynamiter, was drowned in the surf at Far Rockaway on Sunday. Mooney attained his greatest public notoriety a few years ago by an attempt to blow up the British steamship Queen while she was at a wharf in the North River. Mooney was sent to a lunatic asylum. He was recently released on a certificate of the physicians. Since then he has been engaged as a book-casser. He was in needy circumstances, and it is a question whether death was suicidal or accidental. Mooney was credited with having been concerned in the Clerkenwell and other dynamite explosions which terrorized London some years ago. He was a man of fine education, and at one time was secretary of the Irish National Land League.

Litigating Over Davis's Millions. HELENA (Mont.), July 23.—A photographic copy of the will of the late A. J. Davis was filed in the Supreme Court today. Accompanying the will is a copy of the petition filed in the Silver Bow court, praying that John Davis be appointed administrator. The hearing of arguments on the appeal from the District Court was postponed till October 6th next, and John A. Davis is forbidden by order of the court from qualifying as administrator.

Stopped by the Police. NEW YORK, July 23.—A fifteen-round match between Charley Smith, who claims the championship of England, and Sam Collins of New York began at Hoboken tonight, but was stopped by the police in the eighth round, before either man secured a decided advantage.

THE WORLD'S FAIR.

WESTERN MEN OPPOSED TO THE DUAL SITE.

Threats Not to Exhibit Freely Made—Directors Submit a Plan of the Scope of the Exposition.

By Telegraph to The Times.

SPRINGFIELD (Ill.), July 23.—[By the Associated Press.] Today a circular, reprinted from an agricultural paper, was placed on the desks of members of both houses of the Legislature, and several hundred copies were left at the office of the State Board of Agriculture for distribution. It vigorously opposes the use of the lake front as any portion of the site of the World's Fair.

A letter has been received from a live-stock paper of Cheyenne, Wyo., also protesting against the use of the lake front, and adding that the West was bulldozed at the last meeting of the commission in Chicago, but will not be at the next one.

Secretary Shafer of the Iowa State Board of Agriculture has telegraphed the secretary of the Illinois board that if the double site is finally chosen, Iowa will make no agricultural exhibit at the fair.

Telegrams urging the State board to do all in its power to secure a single site have been received from other representatives of Western States. Hon. D. W. Smith, ex-president of the National cattle-growers and Live-stock Association of the United States and one of the alternate commissioners, said today, the stockmen, with the agriculturists, were in favor of a single site, but if it seems incumbent upon the directors to use the lake front for a portion of the site, the fair, or at least a portion of it, as well as in bulk is situated on the lake front with the agricultural exhibit, he did not think there would be any general objection.

The House and Senate met this afternoon, but adjourned until tomorrow without transacting any business of importance.

THE DIRECTORS' SCHEME.

CHICAGO, July 23.—In response to a call by the Legislature for a detailed statement as to how they intended to divide the World's Fair up between the two sites, the directors have prepared a very lengthy statement. They say that, notwithstanding the dual site, it must not be forgotten that the fair will be an entirety. It is the intention of the board, so far as it may be able to do so, to locate the agricultural and stock exhibits in the same inclosure with the machinery, State and such other exhibits as will render that portion of the exhibition at least equal in general interest and attractiveness to the other portion of the fair. Concerning exhibits upon the lake front, the board contemplates placing them in the art building, which is designed to be a large structure, beautiful in architectural design and finish. Among the displays in it besides art will be extensive electrical plants, Turkish, Indian and Egyptian villages, Government department exhibits, etc.

"Of course," the report says, "it is quite impossible for the board to do more than generalize at the present time. One of the reasons advanced for placing the lake front is the fact that the greater proportion of business men, clerks and industrial classes will find their time more severely taxed than at any other period. Their opportunities for visiting that part of the exposition lying more remote from the center of the city will not be all that could be desired, and it is impracticable to keep open in the evening buildings much removed from the center. The lake front can thus be well utilized in the evening."

Smallpox at Seattle. SEATTLE (Wash.), July 23.—William Miller, a prisoner in the County Jail, was taken down with smallpox today, and was removed to the pesthouse. The other forty prisoners were vaccinated and the jail was thoroughly fumigated. Spread of the disease is not feared. Miller will probably die.

Sealers in Luck. VICTORIA (B. C.), July 23.—The steam schooner *Mischief* arrived on Sunday night from Shunigan Islands with 13,000 sealskins, the coast-catch of Victoria schooners, which have now entered Bering Sea. The catch this year is the best ever made.

Some time ago the Times-Index employed a man to investigate what was being done in regard to the Pomona county scheme. He now reports that a subscription has been started in Pomona for the purpose of lobbying the Pomona scheme through the Legislature. Clarkson's Views on the Growth of the West and Its Claims on the Government—National Notes.

By Telegraph to The Times.

WASHINGTON, July 23.—[By the Associated Press.] The Republican Senatorial caucus tonight was attended by about thirty members. Senator Sherman presided. His statement was that the caucus determined to fix the hour of the meeting of the Senate for tomorrow and until further order at 10 o'clock, and to continue the session as long as possible. The Tariff Bill alone is to be considered for several days and then displaced for a time at least by the River and Harbor Bill. The object of this policy is to endeavor to force the Democrats to show their purpose toward the bill, whether it not is to be one of delay. The Republicans hope to tire out the Democrats who are to be left to do all the talking when it is necessary to answer some point.

The bill to transfer the revenue marine will be postponed till later to get the Tariff Bill out of the way. According to all reports the Election Bill was discussed only incidentally. There was no announcement by any Senator as to whether he would support the bill in the Senate.

CLARKSON'S RETURN.

What He Thinks of the West's Wonderful Growth.

WASHINGTON, July 23.—[By the Associated Press.] Assistant Postmaster-General Clarkson returned from a tour of the Western States last night and assumed his official duties here today. He said to an Associated Press reporter: "My tour comprehended all the important cities west of Chicago and northwest of Kansas City. No one can understand how rapidly that great country is developing until he sees it. It has not had, in any of the departments of the Government, the official facilities that it is entitled to. I traveled on a fast mail from Central Iowa to Portland, Or., which makes a good deal of the time sixty-seven miles per hour, and the service is very efficient, and other fast mails are being brought up to the standard of efficiency. Post offices in cities that have been doubling every year or two were looked over, and I returned with strong recommendations for increased allowances for nearly all of them, and some of these have already been granted. The department is anxious to try and keep up with that country in its prodigious growth and increase of population and business. The development of the States in the mountains and on the Pacific Slope is simply wonderful."

Western Union Gains a Point.

WASHINGTON, July 23.—At a meeting of the Senate Committee on Post-offices and Postroads today, the Postal Telegraph Bill prepared at the Post-office Department was again considered. The provision as to the eleventh section was stricken out. It was asserted by Dr. Green, president of the Western Union Company, in his argument before the House committee, that the proviso would operate to shut out his company from bidding for Government business, and upon this being shown to the committee today it was voted that the proviso be stricken out.

WASHINGTON, July 23.—Two electric light wires on the apex of the north front of the treasury building became crossed tonight and burned quite fiercely for a time. Firemen cut them, however.

TRIUMPHANT BULLS.

Wheat and Corn Options Advance—Failures in Chicago.

NEW YORK, July 23.—[By the Associated Press.] A bull fever was raging in both wheat and corn all day long, and in both cereals the prices for options advanced to the highest point of the year. The advance was not so great in wheat as in corn. The upward movement rests solely upon reports of damage to crops here and in Europe. Brokers report that most of the buying orders were received direct from England. The total sales of wheat were 8,520,000 bushels, and of corn 4,216,000 bushels.

FAILURES IN CHICAGO.

CHICAGO, July 23.—Ernest Hess, a member of the Board of Trade since its formation, failed today. He was short two million bushels of oats, and the recent rapid rise forced him to the wall. His liabilities are estimated at \$150,000, and he had about eighty thousand dollars up on margins. In addition to his oat speculation, Hess had sold a line of May corn.

R. G. Tennant, a small trader in provisions, was also forced to order his trades closed today.

VESSELS COLLIDE.

An Excursion Boat Run Down—Several Lives Lost.

BALTIMORE, July 28.—[By the Associated Press.] The steamer Virginia this evening collided with the excursion steamer Louise, on which 1500 excursionists were gathered. The collision occurred off Fort Carroll, about five miles from Baltimore. It is said the collision resulted from efforts of the steamer to avoid a schooner in tow of a tugboat. Both vessels were badly damaged. Many excursionists are missing, and some are painfully injured. Three of the latter have been recovered up to 11 o'clock. Many others were lost.

The deaths among the excursionists number as many as alive, with a number of persons injured. There were no fatalities on the Virginia. The names of the dead are Mrs. Manalia Marshall, Charles Greener, Daniel Kopp, Mrs. Howard Keyser and Joseph Riegel.

Chicago Fruit Sales.

CHICAGO, July 28.—The Porter Bros. company sold ten carloads of fruit as follows: Bartlett pears, \$1.30 to \$2.70; average, \$2.35; egg plums, \$1.35 to \$1.45; Columbia plums, \$1 to \$1.95; grapes, 95 cents to \$1.40; peaches, 60 cents to \$2.15. The weather is hot, and a good many peaches were in very bad order. Purple Duane plums brought \$1.40 to \$1.55; cross pines, \$1.50 to \$1.70; German pines, \$1.35 to \$1.70.

WASHINGTON (D. C.), July 28.—[By the Associated Press.] Senate.—The Senate bill to pension all surviving officers and men of Powell's battalion of Missouri mounted volunteers, raised during the war with Mexico, was passed.

Mr. Aldrich offered a resolution fixing the daily hour of meeting at 11 a.m.

Mr. Ingalls suggested the understanding that the business of the morning hour shall be considered closed at 1 o'clock.

Mr. Allison did not wish it implied that the Senate would devote two hours a day to morning business.

Mr. Ingalls said he did wish just such implication. As soon as the Tariff Bill, appropriation bills and Election Bill are passed, Congress would undoubtedly adjourn promptly. Therefore, whatever was to be done between now and the time of adjournment in consideration of measures on the calendar would have to be done in the morning hour. There were several hundred bills on the calendar entitled to consideration.

Mr. Cockrell asked what was the use of the Senate passing bills, when the gentlemen in charge of the House did not give attention to them. There were now on the calendar of the House hundreds and hundreds of bills passed by the Senate, and no attention was paid to them. Among them was the bill refunding the direct tax; also, two bills recently passed, and regarded on the other side of the chamber as very important measures, the shipping bill, and they were being left to "sleep the sleep that knows no waking."

Mr. Hawley did not agree with Mr. Cockrell. He wanted to go home with a clear record.

The resolution as to meeting at 11 was agreed to, with the understanding that the Senate shall adjourn at 6.

Mr. Aldrich moved to proceed to the consideration of the Tariff Bill.

That motion was antagonized by Mr. Gray by one to proceed to the consideration of the House bill for the transfer of the revenue marine to the Navy Department.

The latter motion was agreed to—yeas, 28; nays, 25.

Mr. Cockrell continued his argument in opposition to the bill.

Senator Vest presented to the Senate the remonstrance of a large number of persons of St. Louis protesting against the passage of the Federal Election Bill.

Mr. Cockrell did not conclude his speech when at 2 o'clock the presiding officer laid before the Senate the Tariff Bill as unfinished business.

Mr. Gray moved to continue consideration of the Revenue Marine Bill.

Mr. Frye said the friends of the revenue bill had occupied but an hour and a half upon it; its enemies, a small minority, all the rest of the time. It was as evident to the Senate as if the purpose had been announced that the time had been occupied by the purpose of preventing a vote on the measure. That only indicated what he believed in—the necessity of calling the previous question in the Senate, of some way to stop debate, of some way to prevent Senator from getting up every morning for three or four mornings in succession and reading from the report of a clerk in the Treasury Department. Why should not a vote be taken on the bill? If there is a majority of the Senate in favor of it, why should it not be permitted to say so? The Senator from Ohio (Mr. Sherman) had made four speeches upon the bill, and in the course of them had read the same identical articles which the Senator from Missouri had occupied the last three mornings in reading.

Finally Mr. Gray's motion was rejected—14 to 34.

The Tariff Bill was taken up, and Mr. Vest addressed the Senate in opposition to it. The advocates of tariff taxation, he said, were confronted by great peril. Depression in agricultural interests and the emigration of farmers for some time besides lying statistics and frothy declaration, had caused President Harrison and Secretary Blaine to urge upon Congress legislation for subsidies to steamships and for reciprocity treaties with South American States in order to obtain a foreign market for American products. Very little was heard now of the home market but a great deal of the South American market. So at last the protectionists had been driven from their pretentious humbug about the home market, and were forced to adopt the principle of free commercial intercourse which they had so long opposed and derided.

Mr. Vest went on to criticize the provisions of the pending bill that are supposed to be for the benefit of farmers, and said what the farmers wanted was an opening and enlargement of

foreign markets for their surplus wheat, corn, cattle and pork, and a decrease of tariff duty on clothing, hardware, tins and other necessary articles of daily and incessant use.

The farmer and his family. The pending bill, he declared, was to repay mill owners their contributions to the campaign fund of the Republican party during the last Presidential canvass, and as the planters of the South were Democrats, the duties on northern manufacturers were increased, while the duty on rice was diminished. The consumers of the United States were being systematically plundered under the pretense of protection to home industries. No further concealment was possible. The truth was at last revealed. Manufacturers who were persistently asking higher duties to exclude foreign competition were availing themselves of the monopoly given by the tariff to charge the people of this country from 20 to 70 per cent. higher for their goods than they could sell the same articles for in the unprotected markets of the world. It was no longer protection, but pure, simple, naked plunder. Americans boasted of their free institutions, of liberty and equality, but who, he asked, could call himself a freeman, save in mockery, when by course of law the proceeds of his life and labor were unjustly taken to enrich another?

Mr. Turpie addressed the Senate on Mr. McPherson's resolution to recommit the bill with instructions to report a bill to reduce the revenue and to equalize the duties on imports, in which the average ad valorem rate of duty on all dutiable articles shall not exceed the average ad valorem war-tariff rate of 1864. He declared himself not satisfied with the instructions. If there was a choice to be made between the pending bill and the Morrill tariff of 1864, he would choose the Morrill tariff, but as the proposed instructions were simply an expression of the opinion of that great leader of the people, who polled the majority of the people for his reelection, the scheme would be an imposition of lower duties on things in general use and of higher rates on articles of luxury and refinement—the total sum of the levy not to exceed the necessary expenses of the Government and interest on the national debt.

The question was taken on the motion to recommit and it was defeated by a strict party vote—yeas, 19; nays, 23.

The reading of the bill by paragraph was begun, the first section being that as to chemicals, oils and paints.

Mr. McPherson moved to reduce the duty on acetic or pyroligneous acid, not exceeding a specific gravity of 1.47-1.50, from 15 cents to 1 cent per pound, and acid exceeding that gravity from 4 to 3 cents per pound. The vote was: Yeas, 15; nays, 23—no quorum.

Mr. Plumb offered a resolution, which was agreed to, calling on Secretary McPherson for information as to the rules established for the admissions to soldiers' homes, if such admissions are based wholly or in part on the amount of pension, and whether exceptions to those rules are made, and in what cases and for what reasons.

The Senate bill appropriating \$50,000 for a public building at Sheboygan, Wis., was reported and placed on the calendar.

The Senate then adjourned.

House.—The House went into committee of the whole for further consideration of the Senate amendments to the Sundry Civil Appropriation Bill. Recommendations of the Committee on Appropriations were agreed to without much friction—the bone of contention, the Senate irrigation amendment, being passed over until other matters are disposed of.

Mr. Canine made a strong effort to throw into conference the Senate amendment increasing the appropriation for the publication of the official records of the War of the Rebellion from \$12,100 to \$235,000, but was defeated, the House declining to concur.

Without dissent of all the amendments, the committee rose and the House adjourned.

Sport at Duluth.

DULUTH (Mich.), July 28.—After a delay of two hours on account of rough water, the following got in position for the professional compensation race: Ten Eyck, Hamm, Wise and McKay. The race was an interesting one. The time was: Ten Eyck, 21:20; Hamm, 21:22; Wise, 21:24; McKay being distanced. The course was three miles with turn.

The Johnstown Relief Fund.

HARRISBURG (Pa.), July 28.—Secretary Kremer of the Johnstown flood relief committee has issued a report showing that the contributions received were \$2,912,346; the total expenditures were \$2,845,140.83. The commission has \$67,205.47 cash in hand.

A Pioneer's Experience With Hood's Sarsaparilla.

"I am a pioneer in this country, having been here 30 years. Four years ago my little son Eliery became blood-poisoned by impure virus in vaccination. His arm swelled terribly, causing great agony; physicians said the arm must be amputated, and even then his recovery would be doubtful. One day I read about a blood purifier, new to me, and was surprised to learn that it was prepared by C. I. Hood, with whom I used to go to school in Chelsea, Vt. I decided to have my boy try Hood's Sarsaparilla, and was much gratified when it seemed to help him. He continued to grow better as we gave him the Sarsaparilla, and having used 8 bottles is now entirely cured. As Hood's Sarsaparilla has accomplished such wonderful results, I recommend it all I possibly can." JEROME M. SLEEPER, Upper Lake, Lake Co., Cal.

THE TIMES IN PASADENA.

The advantage to residents of Pasadena in buying THE TIMES consists in the fact that they not only get in the columns the news of their own city every day, but also the news of Los Angeles, of the State, the Coast, the East and the world.

The paper is served regularly by carrier, at an early hour every morning, to the residences and business places of citizens, at the same price charged in Los Angeles.

The Times.

BRANCH OFFICE, No. 26 1/2 E. Colorado St.
NOTE AND COMMENT.

Most towns of this size are supplied with one or more public drinking fountains. Pasadena is lacking in this respect.

We have told how to support a wife on thirty dollars a month. It will now be in order for some one to tell how to make the thirty dollars—and secure the wife.

The prophets who predicted that this would be an unusually hot summer in the East, together with the coolest-summer-for-years prophets, are being mutually vindicated—in spots.

Plums, like peaches, are being shipped east in large quantities from California. The fruit is sent in packages containing four boxes, or about one-half bushel, and sells from three to four dollars a package, according to the quality and condition in which it is received.

There was a report going the rounds yesterday that Capt. Anderson had sold his ranch preparatory to leaving this section. From the looks of things about the Captain's place, and from what could be learned from outside sources, we may reasonably infer that the Captain is here to stay. Reports are sometimes misleading.

Whatever climatic changes in the way of the annual amount of rain precipitation the rapidly increasing number of trees may effect hereabouts, we can rest assured that the summer sea and mountain breezes will continue to stay by us. These breezes are among the richest of the hot-weather blessings of this favored land. No matter how warm the sun shines the cool breeze from the sea is present to make you forget it, and at night the invigorating air from the mountains keeps one comfortable the whole night long. As long as we have the breezes Pasadena needs have no fear of hot-weather discomforts or fatalities.

LOOKING FOR THEIR PAY.

When the Money May Come—Hard-worked Officials.

There are fifty thousand census enumerators, including four who did the work in Pasadena, waiting to receive their pay. The work of determining how much is due each man is of some magnitude. There is a force of clerks who do nothing else but determine how much is due the enumerators.

The schedules are in the hands of the clerks who are making the count of the population, and as this work takes precedence over everything else, the enumerators' accounts have to wait. However, more rapid progress will now be made with these accounts, and when the work is fairly begun it is expected that the accounts of five hundred enumerators will be settled each day. It has been arranged to pay that number per day, and at this rate it will take between three and four months to reach the last account.

BREVITIES.

The Democrats are very busy—talking.

Crown Chapter, R.A.M., meets this evening.

Next week the tennis players go to Redondo.

Yesterday's sea breeze was brisker than usual.

Supt. Brown's men are at work on South Park Oaks avenue.

The Statches will be well patronized tonight by Pasadena people.

Pasadena Lodge, F. and A. M., held a regular meeting last night.

Some of our citizens are spending their spare time studying Spanish.

A meeting of the Social Purty Society will be held next Saturday afternoon.

A party of Pasadenaians will make a moonlight ascent to Mt. Wilson tonight.

A meeting of the executive committee of the tennis club will be held tomorrow.

Yesterday's overland arrived in seven hours late.

Work on the assessment rolls will be completed Thursday. Two days left for the tardy property-owners.

Several races besides those already mentioned will come off next Saturday afternoon. It will be a great occasion.

The damage done to the Nevada House by fire several months ago is being repaired. A new roof is being put on the building.

Company B had a drill in guard mount last night at the armory. The attendance was not as large as usual, owing to many of the members being absent from town.

A late train will be run out from Los Angeles tonight on the Cross road, leaving there at 11:30 o'clock. This is to accommodate theater-goers, and any who may desire to witness the pyrotechnic exhibition at Redondo.

A meeting of the directors of the Pasadena Lake Vineyard Land and Water Company was held yesterday. The chief matter under discussion was the work of extending the water pipes in the northern part of town and receiving bids for the same.

PERSONALS.

Rev. Dr. Breese went to Long Beach yesterday.

Dr. Michener is back from Catalina after ten days' absence.

Col. Markham and a party of friends are off on a fishing expedition in the San Gabriel Cañon.

C. W. Hodson arrived home yesterday from Santa Monica, where he has been attending the teachers' summer school.

Mrs. George D. Webster and daughter left yesterday evening for Salt Lake City. A tight grip was kept on the well-filled pocket-book which was lost on Saturday night, and afterward recovered.

MONDAY'S MEDLEY

Of Locals of Varying Degrees of Interest.

THE CAPT. ANDERSON RANCH.

A Report That It Has Been Sold Not Verified—Census Enumerators' Pay—High Tribute to the Late Father Cullen.

A report gained circulation in town yesterday morning that Capt. Anderson had sold his ranch at San Gabriel, and had gone north with his family to take up his residence in some other locality. When this surprising bit of news was brought to the attention of the TIMES reporter, he proceeded forthwith to endeavor to find out how much there was in it.

He called at the bank where Capt. Anderson keeps his local deposits, and was informed by the cashier that he knew nothing about the reported sale, and that there had been no recent transfer of funds in the Captain's account to indicate that his property had been disposed of or that he contemplated leaving this locality.

A real-estate dealer who does considerable business for Capt. Anderson said he had heard of no sale, and did not believe that it had been made. In order to learn the true condition of affairs, the reporter then tied away to headquarters at the Captain's residence, which is located on the ranch in question. At the front door he was met by the housekeeper, who told him that the Captain had been in San Francisco the past week, but was expected home today. Mrs. Anderson was also away. The reporter asked the housekeeper if the Captain had sold his property and was going to move away, and the nature of the questions almost paralyzed the sturdy woman with surprise. Several workmen were engaged improving the lawn. The housekeeper inquired whether that looked very much as if a move was contemplated, and the reporter had to admit that it did not.

To further emphasize this fact the good woman volunteered to show the newspaper man the nature of the improvements that have just been completed on the house.

The new addition doubles the capacity of the house, which is of the low, rambling description. The exterior is finished in Japanese style. The wing just completed is attached to the west side of the old house. The first room you come to after leaving the main hallway is the library, with walls tinted in attractive colors. The furniture is hardwood, handsomely carved. Spacious shelves provide for an extensive collection of books. The billiard room is at the northwest corner of the building adjoining the library. It is well lighted by windows and a large skylight in the center of the ceiling. The walls are tinted a delicate shade of green. It is altogether a handsome apartment. The west side of the wing is taken up by three sleeping apartments and a large and richly furnished dining-room at the southwest corner. On the outside, extending about the three sides of the addition, is a wide porch that adds much to the building's attractiveness.

The improvements on the building proper are practically completed, but Capt. Anderson has a number of men now at work on minor alterations and improvements about the extensive premises.

THE LATE FATHER CULLEN.

High Tribute Paid the Beloved Pastor.

Rev. A. J. Cullen, the late pastor of the Catholic Church of this place, was buried in San Francisco on Saturday. Reverend Father Callaghan, an intimate friend of the deceased, preached the sermon. In the course of his remarks he said:

We are all his friends. We all knew him. Why, then, should I talk of his character and his virtues? In his life he carried there was no concealment. His character was patent to all. For well-nigh twenty years he went in and out amongst us, as if he were one of us. He was a man whose image is living in all our hearts. I am sure that he will be remembered by all of us as a young priest, fresh from his ordination, he entered upon his work at St. Joseph's, how he worked and toiled to build up the parish; how he organized societies and banded the young men together for good; how he was all things to all men that he might win souls for Christ.

Wherever he went he was the same energetic, whole-souled, self-denying priest, who never so happy as when he was doing good. A word of mine or his was quite enough to do justice to that large, loving nature. I will say that Father Cullen was the noblest and best-hearted man it was ever my lot to meet on this earth.

Such high words of tribute only echo the sentiment that all Pasadenaians feel who knew the deceased.

Lots of Fun at Catalina.

Messrs. Campbell, Vail, Lancaster, Permar, Mullen, Winston, and Christie, who spent Sunday at Catalina, returned yesterday morning. They had a big time on the island. The Pasadenaians at Camp Overalls treated the visitors in royal style, and did much to contribute to the pleasure of their trip. A good deal of time was spent in the water, but care was taken to provide against any unfortunate results.

"THE KING'S TOUCH."

In England, two centuries ago, popular tradition credited the "Royal Touch" with curing scrofula. These superstitious practices have now become obsolete, and in their place we have a scientific remedy in Dr. J. C. Ayer's Golden Medical Discovery, which eliminates the impurities from the blood through the natural channels, thereby cleansing the system from all taints and impurities from whatever cause arising. It is truly a remedy, world-famed and the only liver, lung and blood remedy guaranteed to benefit. No money is ever case, or money paid for it is refunded. As a regulator of the Stomach, Liver and Bowels, Golden Medical Discovery cures all bilious attacks, indigestion, flatulency, Chronic Diarrhea and Kindred Affections. As an alternative, or blood-purifier.

There will be a social prize dance at Port Hallona on Saturday evening, August 2d. Everybody invited.

Mayor Hazard has returned from his fishing trip to Catalina, and yesterday resumed the duties of his office.

The following New Yorkers were registered at the Nadeau yesterday: John Webster and wife, Mrs. C. B. Rust and A. J. Spencer.

All cases were continued in Justice Lockwood's court yesterday, that official being on trial before Justice Savage for harboring a criminal.

The Southern Pacific pay car reached this city yesterday. It is several days ahead of time this month, which shows that business must be good with the railroad people.

There are undelivered telegrams at the Western Union office for Mother Teresa King, Mrs. G. B. Reed, E. D. Roberts, C. E. Anthony, G. W. Swan, George W. Miller.

C. C. Blackack, an invalid from the East, was found at the Southern Pacific depot yesterday afternoon by Officer Auble, and sent to the police station for medical treatment.

Another complaint was sworn out against J. M. Napper, now in the County Jail on a charge of forgery, for obtaining money under false pretenses. M. Jacoby is the complaining witness.

Henry Swartz was arrested by Officer Gilbert, on Los Angeles street, yesterday, and taken to the police station, where he was booked for battery. The arrest grew out of a saloon row.

George Greenwood, arrested by Officer Steele, on a charge of burglarizing Clark's saloon, several nights ago, came before Justice Austin yesterday afternoon, and was held to answer before the Superior Court for the charge. The registration of the voters of the county started yesterday morning in the County Clerk's office, and the clerks were kept busy during the day. Over a hundred voters registered during the day.

Will D. Gould and Col. Fred Stanford have formed a law partnership under the firm name of Gould & Stanford. Col. Stanford practiced in Los Angeles many years ago, and now returns to his early love.

Felipe Valenzuela got into a row on Upper Main street yesterday afternoon, and was pretty badly beaten up about the head. He was taken to the police station for medical treatment, and will swear out a complaint against his assailant this morning.

Josefa Contreras, the woman who assaulted Everista Corona on Upper Main street Saturday, was yesterday arrested by Officer Sanchez. She was taken before Justice Austin, when her case was set for this morning at 9:30 o'clock, and she was released on depositing \$10 cash bail.

The two women whose story was printed in THE TIMES yesterday about having their baggage detained at the depot because they did not have their checks, yesterday reported at the station that they had not yet been able to secure their trunks, which are still at the depot. The woman who has the checks has not yet put in an appearance.

THE PEOPLE'S STORE.

THE LAST DAY OF THE GREAT SALE.

It Has Proven an Actual Benefit to the Many That Have Profited by the Opportunity to Purchase.

PEOPLE'S STORE, TUESDAY, July 29, 1890.

We should most contented be; in fact, we do so feel. Nothing seems to mar the even tenor of our way, and merrily our sale goes on. Yes, content has been to us most kind. The large concourse of people who our 5-cent sale attended makes us most thankful, not for any buthery sake. Today, the last, ever, will end, as like the ever-changing kaleidoscope. On the morrow the turn is made, the scenes do change; the present is here, the past is forever lost. So tomorrow's sun will never more our 5-cent values see.

The same is said of Footwear—merrily the sale goes on. Today, now, never after, such values can we offer. The cut in price is more than we can always bear. A bit of honey on a crust of hardened bread goes to the taste does seem. So have we honeyed the prices on our Footwear. Would that we could always do as well. Merrily the sale goes on, yet today the last. The chance you should not lose to get of us our most valued shoes.

CHAUTAUQUA Assembly.

CHAUTAUQUA.

Redondo Beach.

Assembly from Tuesday, July 29th, to Friday, August 15th.

A BRILLIANT ARRAY OF ATTRACTIONS!

Superior Concerts, Able Lectures, Field Sports, Athletic Exhibitions, Illuminated Fleet, Striking Tableaux, Sunday School Normal, C. L. S. C. Round Tables, Orchestral Concerts, Pyrotechnics, Piano and Organ Recitals, Speeches, Songs, etc.

LECTURES.

Among the prominent lectures to be delivered are the following:

"The Four Napoleons," illustrated by C. E. Bolton.
"The Sham Family," a novelty of wit and satire—fifty heads under one bonnet—that makes sport of sham in all the walks of life.
"Reunited Germany and Herold Louise," by C. E. Bolton. A lecture of the highest order and represented on large canvas in illustrations. Mr. Bolton will deliver other lectures upon "Russia and Romania" and "Land of the Midnight Sun."

"The Blind Man Riquet," Dr. W. H. Milburn, the blind chaplain of the House of Representatives, will deliver five of his world-famous lectures: "What a Blind Man Saw in Washington Forty Years Ago and What He Sees There Now," "The Mouth of Gold," "What a Blind Man Saw in Paris." Mr. Milburn will also preach one or two sermons during the session of the assembly.

"Military Genius," is the title of a lecture by Gen. L. A. Sheldon, to be given August 1st.

Jabu De Witt Miller. The very name of this popular lecturer is enough to provoke a smile, as he stands side by side with the other De Witt (Talmage) in versatility, humor and pathos. He lectures on "The Uses of Unkindness," August 2d; "Love, Courtship and Marriage," August 4th; "The Stranger at Our Gate," August 5th, and "Distinguished Men I Have Met," on August 6th, closing with "Some Contemplative Characteristics," on August 8th.

"The Life and Times of Thomas Jefferson" is the subject of an able lecture by Stephen Bowers, Ph.D.

Col. Momer R. Sprague, Ph.D., the soldier, scholar and literatus, speaks on "John Milton," "Riches" and "Shakespeare."

In addition to these popular lectures, Dr. W. H. Fendleton gives three lectures on Scripture study and interpretation: Rev. Dr. A. J. Frost three lectures on the Book of Hebrews; Dr. David Reed likewise three lectures on Biblical themes; Rev. Dr. H. M. Du Bose conducts a course of lessons on the "Symbolism of the Bible."

Prof. Henry Ludlum directs a School of Oratory and Rhetoric, one department of which is designed especially for the study of sacred oratory or pulpit eloquence.

SCHOOL OF LANGUAGES—Prof. Carlos Brunsy of the Central University will, with the aid of competent instructors, conduct the School of Modern Languages. Lessons will be given daily in Spanish, French and German.

—TABLEAUX!—
"Ben Hur," the great religious book of the present generation, will be represented by twelve character tableaux, with appropriate scenery, costumes and lights. Songs by Tash and Iras. Recitation in costume of extracts from the book, including "The Fallen Tile," "The Chariot Race," "The Binding of the Lepers." Dialogue between Arius and Ben Hur on the galley deck. About seventy-five characters will be used in the tableaux. The management will spare neither pains nor expense, and have engaged Prof. Henry Ludlum of Los Angeles to take charge of the production.

The engagement of the great pianist, Hugo Mansfeldt, will attract the attention of all lovers of high-class music. Although this celebrated artist is a Californian, being a resident of San Francisco, he has gained a European reputation worthy of comment.

Special round-trip excursion tickets from all stations on Santa Fe Railroad, and also on the Redondo Railway to and from Los Angeles.

CHAUTAUQUA ANNUAL, with full programme, sent on application to all who apply to the secretary at Los Angeles, Cal.

CATARRH.

Throat Diseases, Asthma, Bronchitis and Consumption successfully treated by M. HILTON WILLIAMS, M.D., M. C. P. S. O.

By his Medicated Inhalations and Compound Oxygen Treatment.

Probably no system of practice ever employed has been so universally successful as that introduced by Dr. Williams for the cure of Catarrh, Throat Diseases, Bronchitis, Asthma and Consumption.

CATARRH.
Catarrh is often regarded by the patient as a cold in the head, and he often expresses his astonishment at his remarkable tendency to contract fresh colds. Indeed he declares that he is scarcely free from one cold before he takes another, and he is always exceedingly sore throat. It is also a matter of surprise to him that the cold always seems to settle in the head and throat.

At times many of the symptoms of catarrh seem to abate, and the patient is led to hope that the disease is about to wear off; but another class of symptoms soon appear and he learns to his horror, that instead of recovery from the disease, it is actually changed in character and has extended to the throat. A sense of weariness is sometimes felt in the morning, a hoarse, husky cough, a peculiar sound in clearing the throat, a feeling as though there was mucus in the throat, a difficulty to breathe; these and other symptoms occur after the disease has made considerable progress. Then it is a time when consumption is about to begin its dreadful work.

CONSUMPTION.
The earlier symptoms of consumption consist in a weakness at times or a disposition to remain passive, a peculiar sensitiveness to the effects of cold, also breathlessness upon moving or ascending a hill or stairs, a slight hacking cough, with or without expectoration, or a pain in the chest, or a slight pain in the back, or under the shoulder blades. These symptoms are more noticeable toward or in the night, slightly earlier in the afternoon. Cold feet and hands and in many cases a blue lividity of the lips and roots of the finger nails. It is unnecessary to give the symptoms of the more advanced stages of consumption, as there is scarcely a family in our State wherein its ravages have not been felt in a greater or less degree.

Every case of catarrh is curable, when properly treated. Eastern visitors and invalids should avail themselves of the opportunity of being cured before they return home.

Those who desire to consult me in regard to their cases had better call at this office for an examination, but, if impossible to visit the office personally, can write for a list of questions and circular, both of which will be sent free of charge. Address

M. HILTON WILLIAMS, M. D., No. 127 South Broadway, Los Angeles, Cal. Office hours: From 9 a.m. to 12:30 p.m., and from 1:30 to 4 p.m., Sundays excepted.
